

User manual

INSTRUCTIONS FOR RADIO CONTROL OPERATOR SINGLE BUTTON ENTRY TRANSMITTER MODEL NO.: X220-1

Read the following instructions thoroughly before using transmitter.

Match the transmitter to receiver

- Press and hold a button on transmitter for transmission.
- Then press the Learn button on your receiver. The adjacent indicator light will flash. Release the button of transmitter. The receiver will now operate when you press the button of transmitter.

Detail for add/remove a transmitter, please check with the instruction of your receiver.

NOTE: If the red light on the transmitter is dim or flickers when the transmitter button is pushed, the transmitter battery may be weak. Replace when necessary with a CR2032 3 Volt battery.

Remove the access cover from the front of the transmitter by sliding the cover for battery replacement (Figure C).
