GARAGE KIT

Voice control
Ask Siri, Alexa and Google Assistant to open and close your garage.

Automatic Close (IFTTT)
Get your garage open and close automatically with GPS location or time.

Video Monitoring
Watch your garage door from anywhere and get video clips recorded.*

Remote Access
Control your garage from anywhere. All your remotes in a single app.

User Management
Grant and deny access to different users. Restrictions by time, door and location.

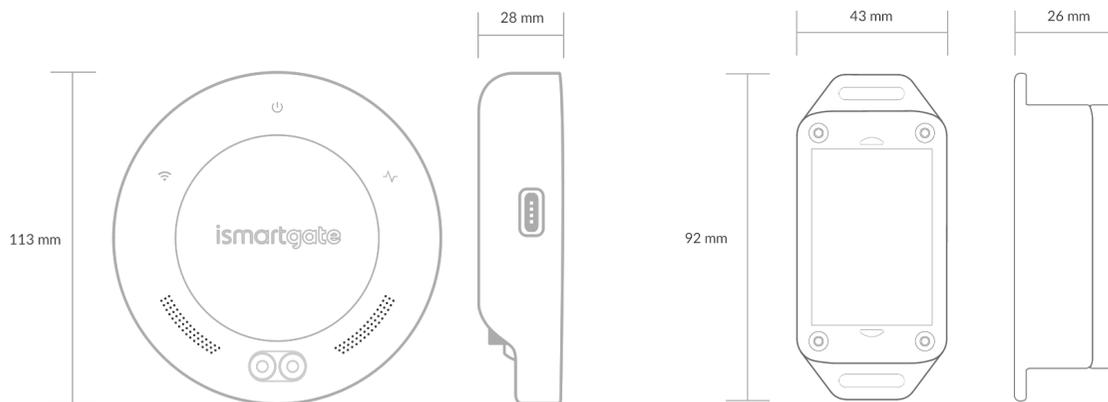

Status Alerts
Receive alerts when door is open, closed or left open. Temperature alerts too!

Music Player
ismartgate can play your favorite music when coming or leaving home.

Control up to 3 doors
Connect one ismartgate Pro device to a combination of up to three (***) automatic garage doors or gates.

Easy to install
ismartgate is an easy to install product. You simply need a Smartphone, a screwdriver and 20 min of your time.

Multiplatform
Control and monitor your garage from your Phone, Home Speaker, Tablet, PC or Apple Watch.

*Camera not included. Required external IP camera.

**For a second or third garage door, additional sensors may be required.

Apple HomeKit technology provides an easy, secure way to control your home's lights, doors, thermostats, and more from your iPhone, iPad, or Apple Watch.
