

PTM

SEVEN DAY PROGRAMMABLE TIMER

The PTM is an easy to program 7 day timer designed for use in a wide range of control applications. The timer supports up to 16 ON/OFF events per day and 15 combinations of daily programs. Choose between a 12 or 24 hour clock format to program the open and close times for overhead doors, gates and parking barriers. The PTM is DIN rail mounted and available in 12, 24 or 120 Volt models. The internal battery provides memory backup in the event of a power outage. With its flexible programming, the PTM provides secure access to any facility, any time.
