# Weatherblock Weatherseals

Action Industries' Weatherblock brush seals feature a single, durable EPDM rubber insert, which provides an additional seal for food, storage and other facilities that undergo a rigorous inspection process.

Weatherblock seals the gaps and irregularities between doors and concrete ensuring a secure barrier against smoke, air infiltration and extreme weather, while blocking out light, aromas and other potential inspection violations.

## Standard Weatherblock Weatherseal

Part Number	Bristle
B0766-RI-W	Standard 1/2" Brush
B0767-RI-W	Standard 3/4" Brush
